

HOW TO MEMORIZE VOCABULARY IN SPANISH EFFECTIVELY?

Association is the most effective vocabulary memorization strategy when you are learning Spanish. We always describe and recommend different types of association.

The following is a quite useful and yet misused one. Remember to practice it with this vocabulary from home, but, above all, have this form as a habitual language learning strategy.

Match up the objects with the associated activities .

Levantarse /Get up from

Sentarse / sit on

Guardar la ropa / To keep on cloth

Ducharse / To have a shower

Poner la comida en / To put the food on

The refrigerator / The icebox

El armario / The closet

La bañera / The bathtub

El sillón / The armchair.

La cama /The bed
