

# DO YOU GO SHOPPING? LEARN THIS SHOPPING VOCABULARY IN SPANISH

The vocabulary of places is extensive in all languages. We recommend creating a vocabulary map of places by visualizing the locations that can be shown on a territorial map.

But don't stop there; always go beyond when learning Spanish, that's what we do in our classes.

Also, practice and expand your vocabulary: what things can you find in each place? Say three things you can buy in these stores:

Joyería (Jewelry Store):

- Rings
- Necklaces
- Bracelets

Librería (Bookstore):

- Books
- Magazines
- Stationery

Tienda de deporte (Sports Store):

- Balls
- Rackets
- Sports clothing

Tienda de ropa interior (Underwear Store):

- Bras
- Underwear
- Pajamas

Tienda de electrodomésticos (Appliance Store):

- Washing machines
- Refrigerators
- Microwaves
